

EHS Safety Professional – Construction Field Compliance Specialist - Full and Part Time Positions at the Amgen Campus in Thousand Oaks, CA

Description:

Gabe, Inc.® is in need of an EHS Safety Professional – Construction Field Compliance Specialist to perform inspections as per Amgen's Safety Program and requirements in adherence to regulations on safety, health and the environment.

Education:

- Bachelor's degree in occupational safety and health, environmental science, or related subject.
- Professional designation STSC, CHST, is desirable. Broad based knowledge of Environmental, Occupational Health, and Safety regulations.

Experience:

- A minimum of five years of experience working with Construction EHS compliance and management operations.
- EHS experience working in biopharmaceutical, clean room, and maintenance operations is highly desirable.

Responsibilities:

- Provide leadership and support the development and implementation of EHS management systems and compliance programs at the client sites.
- Team up with Gabe, Inc.® Site Team and the account EHS Manager to establish EHS performance goals and review performance against the Safety Program.
- Implement EHS program to manage partners working under the client's scope of work.
- Evaluate hazards on client site for safety, health, and environmental risks.
- Assist in developing environmental, health and safety procedures and programs for Gabe, Inc.® activities and monitor safety compliance to reduce risks.
- Identify training requirements and coordinate EHS training sessions for Gabe, Inc.® and its Clients.
- Establish record management and retention policy. Ensures required records are kept available according to regulatory and Gabe, Inc.® requirements.
- Ensure EHS policies and procedures are developed, updated, implemented, and followed.
- Assist the Gabe, Inc.® Site Team in the accident investigation and communication process including the identification of root causes. Implement training and tools necessary to ensure that reports on EHS incidents and performance are submitted on a timely basis, and that corrective actions are taken.
- Assist the EHS Manager on projects related to areas of responsibility.
- Maintain liaison with client EHS organization to ensure that EHS problems are identified and solutions coordinated.
- Maintain a collaborative partnership with the Clients EHS organization.
- Drive the implementation of programs and initiatives necessary to foster a strong EHS culture.
- Provide support to Client EHS Team by conducting selected EHS activities as directed on campus by Gabe, Inc.®

Key Interactions:

- Internal: Gabe, Inc.® EHS Manager, Project Teams Construction Managers (CM/EHS), Gabe, Inc.® employees and its Client Site Team.

Additional Desired Skills:

- Success working with subcontractors/vendors supporting mutual safety objectives.
- Excellent skills in written and oral communication. Bilingual / Spanish helpful.
- Basic computer skills with both word processing and database applications.
- Ability to drive and inspect both outdoor and indoor areas to observe compliance with established programs. Flexibility, Our team maintains some shared multi-shifts and OT.

Benefits:

- Gabe, Inc.® offers a competitive compensation and benefits package.
- Position is located at the Amgen Campus in Thousand Oaks, CA.
- Normal working hours are 8:00 a.m. to 5:00 p.m. Monday through Friday, however irregular working hours should be expected during project execution.
- Pay is hourly with overtime and is commensurate with qualifications and experience.
